About JNTUK-UCEV:

JNTUK University College of Engineering Vizianagaram (JNTUK UCEV), is one of the constituent engineering colleges of Jawaharlal Nehru Technological University Kakinada, and playing a significant role in imparting technical education in Andhra Pradesh, since 2007. The state-of-the-art campus is spread across 80 acres in a hilly area located at a distance of 8km from Vizianagaram town. At present the institute is offering 7 UG programmes (B.Tech in CSE, IT, ECE, EEE, ME, CE and Metallurgy) and 6 PG programmes (M.Tech. In Computer Science and Engineering, Advanced Power Systems, Systems and Signal Processing, Machine Design and Information Technology, and MCA).

About Department of IT:

The Department of Information Technology was established in the year 2007. Over the past few years, the department has acquired great importance in Technical World. This has been achieved by the collective and responsive effort of the faculty, the supporting staff and the students.

Department of IT offers Undergraduate (B.Tech.) and Postgraduate (M.Tech.) programs in Information Technology and a Master of Computer Applications program.

The Department is adopting new innovative teaching methodologies by focusing on 'Outcome Based Education'. The students of this department actively participate in co-curricular and extra-curricular activities in-house and elsewhere.

About the workshop:

The Two Day National **Workshop on Programming with R** (NWPR-17) will be held on **06th and 07th July, 2017** at JNTUK University College of Engineering Vizianagaram. R Programming is a widely used high-level programming language for Statistical Data Analysis programming Language.

The aim of this workshop is to train the faculty of JNTUK Affiliated Colleges in Statistics with R Programming which was newly introduced in R16 syllabus.

Workshop Contents:

In line with **JNTUK R16** Syllabus

- Introduction to R Programming
- R Programming Applications
- R software Installation
- Basic variables ,Data Types, Operators
- decision and loops
- Control Flow
- Data Structures
- Descriptive Statistics
- Functions
- Measures of Variability
- R Programming and Graphics
- Case Study

Prerequisites:

Knowledge in basics of programming and OOPs concepts.

Resource Persons:

Faculty Members of JNTUK-UCEV

Bring Your Own Device:

Participants are requested to bring their own laptops for hands-on experience. Power supply and Internet facility are provided at Workshop Venue.

Important Dates:

Last Date for registration	:	30/06/2017
Intimation to Participants	:	29/06/2017
Workshop Dates	:	06/07/2017 & 07/07/2017
